PROFILE

I am a black architectural designer from Pratt who is dedicated to providing information and enabling agency for all. My strengths lie in thorough research capabilities, social justice design, event curation, and conceptual development. I am a hard worker who strives to continually better and educate myself and others. I thrive when pairing my technical tool set with a diverse creative mindset, displayed through my events, projects, designs, and resources created.

EXPERIENCE

	The Green Stitch research and architectural designer Pairing with local groups to transform revive a restorative garden
	Re:Play engaged designer Worked directly with the group in getting prospective Harlem NYCHA futures and collages. Project is in the Center for Architecture Exhibition
