Azad University Iran.

## PROFESSIONAL SUMMARY

Strongly knowledgeable in design and innovative 3D Modeler with a superior commercial and artistic success record. Adept at working independently or as part of an artistic design animation team. Able to address multiple ongoing projects with full attention to details and quality.

## PROFILE

Successful senior architect, with over 17 years of experience. Managing director of my own engineering consulting firm in Dubai-UAE for 15 years, plus 2 years in Los Angeles Californian I was able to accomplish several projects of residential and commercial buildings including high rise tower, hotels, schools, showrooms, consulate, banks. Using multidisciplinary approach, I was able to manage and guide a team of architects, structure and MEP engineers. This was achieved through outstanding problem solving and multitasking of multiple projects along with excellent teamwork and communication skills to successfully complete more than 95 projects worth of \$900 million. Regular site supervision, availed me to upbring my capabilities in civil engineering and expanded my knowledge by exposure to and obtaining practical skills in variety of sub and super structures, shoring, dewatering, piling.

## CORE PROFICIENCIES

**3D Modeling | Project Management | Creative Development | 3D Max  
AutoCAD 2D&3D | Design. Drafting | Civil Engineering | Client Relations**

## EXPERIENCE

**Manager Director / Senior Architect Designer and Visualizer  
SAC Engineering consultancy; Dubai, UAE — 2005-2020**

Implementing ideas and presenting them to clients. Creating building detailed drawings including specification and tender document

Works around constraining factor such as: planning, legislation, environmental impact, project budget, construction managers, quantity surveyors and architectural technology and infrastructure along transforming initial rough draft designs into working drawings using CAD.

Submission to Municipality and all other authorities. Ensuring the design process recognizes current legislation and codes of practice where appropriate and obtains permits.

Take full leadership over the construction site supervision, authorities' approval, execution up till completion certificate.

**Senior Architect Designer and Visualizer  
Freelancer & Flipping House; Los Angeles, USA — 2020-2022**

During COVID time I worked from home as freelance designer and I did flip house in Calabasas.
