RELEVANT PROJECTS

Kids Meal Toy Project, Freshman Year Engineering Clinic II

Worked in a group to study kids meal toy designs and standards. This information was used to create a kids meal toy that met a certain set of requirements, including proper size, safety, and packaging standards. A report and presentation were prepared to demonstrate results & findings.

3D Model House, Engineering Graphics

Using AutoCAD, designed a floor plan, and front and side profiles of a full scale house. These were then used to create a fully textured 3D model house, including multiple floors and rooms, doors, windows, furniture, appliances, decor, and outdoor features such as plants and roads..

WORK EXPERIENCE

Bagel World

Marlboro NJ (October 2018 - Present)

Works proficiently through shifts by serving guests, rotating and maintaining stock, and ensuring proper cleanliness.

COMMUNITY SERVICE

Marlboro Community Band

Marlboro NJ (July 2017 - August 2019)

Participated as a volunteer in a band composed of Marlboro Township community members. Performed as part of various events throughout Marlboro Township, raising money for local charities.
