

Daisy Delgado

East Meadow, NY | (516) 652-3911 | daisy_delgado@uri.edu

EDUCATION

University of Rhode Island, Kingston, RI

Bachelor of Science in **Civil Engineering**

Expected: May 2024

- Minor in **Environmental Engineering**
- Current GPA: 3.2/4.0
- Relevant Courses: AutoCAD, Statics, Mechanics of Materials, Geotechnical Engineering, Environmental Engineering

RELEVANT LAB EXPERIENCE

Mechanics of Materials Lab

- Worked with various materials typically used in the civil engineering field such as concrete and wood
- Gained hands on experience with materials and learned how they react under various forces and stresses

Geotechnical Engineering Lab

- Experienced the geotechnical side of engineering through the use of geotechnical materials such as soil and rock
- Real world application of geotechnical concepts to lab work

Environmental Engineering Lab

- Engaged in experiments that correlate to real world environmental problems
- Learned about common environmental problems and possible solutions

SKILLS

Technical: CADD (Worked with AutoCAD software to create various designs and connect designs to real world field work)

Interpersonal: Organization, communication, adaptability, time management, teamwork

EXPERIENCE

Intramural Sports Game Manager

Oct. 2022 - Present

University of Rhode Island, Kingston, RI

- Supervise up to 50 students and 3-4 games per night
- Mediate conflict between students with confidence and ease

Intramural Sports Referee

Oct. 2021 - Present

- Maintain professional demeanor in a competitive, fast-paced environment
- Display good communication skills by ensuring smooth game play

Pool Concierge

June 2022 - Present

Lifetime Fitness (Garden City, NY)

- Inventory supplies and check-in guests in an organized manner
- Display strong customer service skills by engaging with patrons in a friendly manner

Lifeguard

June 2019 - Aug. 2021

Town of Hempstead (Levittown, NY)

- Practiced discipline through staying focused and alert on shift
- Showed adaptability and critical thinking skills when emergencies arose

CAMPUS INVOLVEMENT

Club Ultimate Frisbee

Oct. 2021 - Present

- Dedicate 10-30 hours a week to practices, games, and tournaments
- Able to balance intensive course load with a club sport

Society of Women in Engineering, Member

Sept. 2020 - Present
